

TREKSHOT POLE FA-TSP

Combination Trekking Pole and Shooting Stick

Moroka.30's TREKSHOT Pole cleverly combines two pieces of important backpacking equipment into one lightweight, compact unit. The TREKSHOT Pole is a fully adjustable, anti shock, 4 piece trekking pole with a custom designed handle enabling it to be effectively used as on-the-spot rifle rest or support for optics, photography and audio visual equipment. It is also extremely valuable as a strong adjustable pitching support for a fly shelter.

Features and specification:

- Ultra compact 4 piece construction
- Fully adjustable 57cm-130cm
- Weight 400gms (single unit)
- Aluminium alloy construction for maximum strength and minimal weight
- Simple twist lock adjustment
- Anti-shock suspension system

Single unit FA-TSP-1 \$ 80

Pair FA-TSP-2 \$150
